

INTERNATIONAL MULTIDISCIPLINARY ENDOVASCULAR FORUM

"The Different Meeting"

Florence 23-25 March 2023

www.imendoforum.com

SESSION 10 Expert's Round Table

AAA: STRATEGIES TO AVOID LONG-TERM FAILURES

SuperMods

G. Richter

F. Vermassen

Craker

M. Hamady

Guests

M. Gargiulo

Pre-emptive coiling to prevent endoleak

P. Geisbüsch

How to prevent late rupture

G. Torsello

Shaggy aorta syndrome

J. Van Den Berg

Limb occlusion

SESSION 11 Recorded Case Discussion

EXPERT RECORDED CASE DISCUSSION: SFA

SuperMods
Craker
Guests

P. Schneider
E. Blessing
T. Bisdas
P. Krishnan

M. Lichtenberg

L. Patrone

G. Ansel
R. Varcoe

Leriche syndrome: total endovascular repair
IVUS-guided SFA procedures: a step by step approach

Image guidance and lesion preparation to optimize procedural outcomes

Retrograde recanalization

SESSION 12 Expert's Round Table

ENDOAVF: AN UPDATE

SuperMods
Craker
Guests

R. Shahverdyan **J. Ibeas**

R. Coscas

I. Gianassai

D. Rajan

T. Steinke

O. Jaffer

Right patient, right time, right access
Is the maturation concept still valid in the
endo-AVF era?

Secondary interventions

The importance of cannulation

11.00 - 11.30

COFFEE-BREAK
Visit the technical hall

11.30 - 12.15

SESSION 13 Expert's Round Table

CHALLENGES IN ACUTE TYPE B AORTIC DISSECTIONS

SuperMods
Craker
Guests

MD Dake
P. Stefano
G. Torsello
F. Verzini
E. Verhoeven
P. Geisbüsch

H. Rousseau

Stroke prevention
Spinal cord ischemia
False lumen management
Visceral ischemia

SESSION 14 Expert's Round Table

EVALUATION OF THE DISTAL AND SMALL VESSELS

SuperMods

Craker

Guests

S. Kum

R. Ferraresi

M. Palena

E. Secemsky

J. Van Den Berg

P. Schneider

T. Zeller

G. Ansel

Co2: when and how

Intravascular ultrasound

Perfusion Imaging

Pedal acceleration time

13.00 - 14.00

Lunch Symposiums

13.00 - 13.30

LUNCH SYMPOSIUM 3

supported by

Beyond the intervention: does long-term data support a New Standard for AVF Creation and Maintenance?

Medtronic

Moderator F. Fanelli

Speakers R. Shahverdyan **EndoAVF Creation: Insight from data and my experience with Ellipsys**
R. Coscas **Keeping access functioning longer: insights from data**

Q&A

13.30 - 14.00

LUNCH SYMPOSIUM 4

The Next Generation X-Ray Angiography

supported by

Moderator F. Fanelli

Panellists E. Blessing
M. Lichtenberg
L. Patrone
M. Palena

SESSION 15 Expert's Round Table

MID AND LONG TERM OPTIMAL OUTCOMES OF THE FEMORO-POPLITEAL REGION

SuperMods M. Lichtemberg P. Krishnan

Craker Y. Goueffic

Guests K. Deloose

R. Varcoe

E. Blessing

J. Laird

The importance of sizing

How to avoid recoil

Dissection matter?

Medical management

SESSION 16 Recorded Case Discussion

EXPERT RECORDED CASE DISCUSSION: DIALYTIC PATIENTS

SuperMods
Craker
Guests

D. Rajan
A. Mallios
P. Kitrou

R. Shahverdyan
G. Sengoelge
O. Jaffer

T. Steinke

A complex case managed with the two catheters system

Single catheter Endo-AVF

When to use the Surfacer® system

Central venous stenting

15.45 - 16.15

COFFEE-BREAK
Visit the technical hall

SESSION 17 Complication cases: Peripheral A WORST DAY.....

SuperMods
Craker
Guests

R. Varcoe
T. Bisdas
MA. Ruffino
P. Krishnan

Y. Goueffic

**Distal embolization: and now...
Expect the unexpected during large bore
access**

16.45 - 17.30

SESSION 18 Expert's Round Table

CHRONIC THORACIC AORTIC DISSECTION

SuperMods
Craker
Guests

F. Verzini
G. Torsello
MD Dake
P. Stefano
E. Rousseau
E. Verhoeven

M. Jenkins

When to intervene
Aortic-related connective tissue disorders
Complex endovascular repair
Reinterventions

SESSION 19 Expert's Round Table

NO OPTION CLI PATIENTS: FROM DIAGNOSIS TO TREATMENT

SuperMods M. Palena J. Laird

Craker M. Broadmann

Guests R. Ferraresi **SAD-MAC score predicts the fate of the limb**
E. Secemsky **No-option patients classification**
P. Schneider **Overview on TDVA and all the PROMISE data**
S. Kum **Post-TDVA care**

SESSION 20 SHARE YOUR CASE

SuperMods R. Varcoe MA. Ruffino

Craker M. Broadmann

Guests

G. Parlani **Use of Solaris self-expanding covered stent as a bridging stent in complex aortic procedures: Perugia preliminary experience**

R. Giudice **Complete transfemoral thoracoabdominal aortic endovascular repair of intercostal patch pseudoaneurysm following open surgery**

END OF THE DAY
